

## Description

**The quintessential North African condiment, Harissa is a fragrant warm and spicy chili pepper paster. Most harissa recipes call for a variety of roasted red and green chili peppers, garlic, coriander, caraway, saffron, mint and olive oil. The warm and inviting aromas of this delicious condiment blend superbly with our Harissa infused oil. It is the perfect companion for lamb, chicken and fish or shellfish marinades. It is equally delicious as a finishing oil for legumes, stews and grains**
